

16100 Toboga

Stretcher with straps and foot rest

FEATURES

Consisting of an ABS modified polymer in the outer shell, supported by a strong aluminium frame. 12 hand grips ensure a very easy handling of the stretcher. Chemical-, UV-, rust- and corrosion resistant. Robust brass grommets, positioned on the sides, enable lifting the stretcher by means of art. 16100-005. One layer of EVA foam ensures high comfort to the patient. Supplied with 4 straps and adjustable foot rest.
