

630 Maxima

Grey anodized anti trauma scoop stretcher

FEATURES

Thanks to its features the scoop stretcher can be placed under the patient with ease, without lifting the body. Built with carefully designed materials, MAXIMA ensures solidity, reliability and durability.

- Efficient splitting system with locking device
- Adjustable length with automatic locking device
- Bag with n. 3 straps (quick release) for the immobilization of the patient (603/MEB)
- Easily arranged inside the ambulance
- Built with light and sturdy aluminium
- Carrying case available on request (Art. 630/CS)

Device certified according to the European harmonized standards UNI EN 1865 - UNI EN 1789
